

LEADING WOMEN SOCIETY

Dearest member,

I warmly welcome you to our elections for the 2015-2016 Committee. Whether you are one of our long-standing members at LWS or a curious first year student, there will definitely be a role for any areas you are interested in.

This term, we had a massive success with LW Tech Night, in collaboration with TechSoc. I was delighted to see so many of you, a good mix of both women and gentlemen, join us in connecting with our inspirational mentors; from co-founders of award winning start-ups to high profile companies.

We have had a tremendous performance from the team so far! We hosted a coding workshop, leadership talks, Christmas dinner, termly socials, mock interview workshops, and insight days. We even launched a fantastic new website.

Working alongside my dedicated LWS committee and our prestigious clients has undeniably been one of the most challenging yet rewarding experiences at UCL. The relationships I've built are invaluable, and I would like to thank everyone for the sheer amount of hard work and bright ideas they put forward within the last few months.

Now, it is time for a new committee to continue our vision for excellence and holistic value.

We are looking for 13 passionate individuals. I strongly encourage you to apply if you are looking for a stimulating learning curve as well as an opportunity to network among senior professionals, recruiters, mentors and like-minded peers. Good luck and I wish you all the best!

Kind Regards,
Rasini Ranawake
LWS President 2015
